PRELIMINARY AMENDMENT

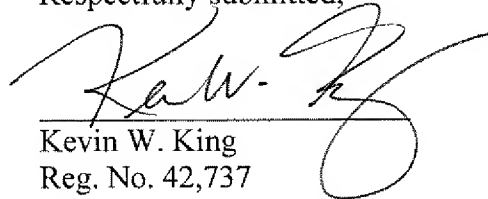

Remarks

The title has been amended into to place it in a more appropriate form. The specification has been amended to add a cross-reference to related applications.

Claims 1-6 have been cancelled, and rewritten as new claims 7-19. Support for the amendment is found at least in original claims 1-6, FIG. 1, and in the description. No new matter has been added.

Examination and allowance of each claim is respectfully solicited.

Respectfully submitted,

Kevin W. King
